

HT-Q40

Five DVD 5.1 Channel Home Theater Audio System

Samsung's versatile HT-Q40 Home Theater Audio System delivers 800 watts of audio power through 5.1 channels, enhanced by Dolby Digital®, Dolby Pro Logic® and DTS™ decoders. The full-featured unit offers the convenience of a 5-disc changer, as well as improved USB Host Play, which lets you plug and play your portable digital devices without loading software—all enhanced by progressive scan technology. Many audio & video formats are supported, including MP3, WMA, MPEG, DivX, and JPEG. And switching between files and folders is a breeze, thanks to Samsung's on-screen menu and remote!

- 5-disc changer
- 5.1 channel home theater system
