

HT-Q45

Five DVD 5.1 Channel Home Theater Audio System

Samsung's versatile HT-Q45 Home Theater Audio System delivers 800 watts of audio power through 5.1 channels, enhanced by Dolby Digital®, Dolby Pro Logic® and DTS™ decoders. The full-featured unit offers the convenience of a 5-disc changer, as well as improved USB Host Play, which lets you plug and play your portable digital devices without loading software – all enhanced by progressive scan technology. Virtually every video format is supported, including MPEG, MP3, DivX, WMA, and JPEG. Switching between every component and program is a breeze, thanks to Samsung's on-screen menu and remote! It's also XM satellite radio-ready. And for a sleeker decor, add an optional wireless rear channel system.

- 5-disc changer
- 5.1 channel home theater system
